PROFESSIONAL SUMMARY

Senior UI/UX Designer with 3+ years of experience designing fintech and enterprise SaaS products. Specialized in UX research, design systems, interaction design, payment journeys, and developer handoff. Delivered measurable outcomes including a 25% reduction in onboarding friction and a 40% increase in user engagement through data-driven design decisions. Experienced in accessibility standards, design thinking, and end-to-end product discovery across fintech, HRMS, ATS, and EdTech domains.

CORE SKILLS

Product Design: UX Strategy, Interaction Design, Information Architecture, User Flows, Wireframing, Prototyping, Design Thinking, Product Discovery

Design Systems: Figma, Auto Layout, Design Tokens, Component Libraries, Responsive Design, Mobile-First, Design QA

UX Research: Usability Testing, User Personas, Journey Mapping, Heuristic Evaluation, A/B Testing, Affinity Mapping, Competitive Analysis, UX Metrics

Accessibility: WCAG 2.1 Standards, Inclusive Design, Contrast & Readability, Keyboard Navigation

Product & Dev: Agile / Scrum, Sprint Planning, PRD Creation, User Stories, UAT, Jira, Confluence, Developer Handoff

Technical: HTML5, CSS3, JavaScript (Collaboration), SQL, Power BI, Advanced Excel

AI Tools: Claude, ChatGPT, Gemini (PRD Writing, User Story Drafting, Research Synthesis)

Tools: Figma, Framer, Miro, Adobe Creative Suite, Confluence

PROFESSIONAL EXPERIENCE

Rupenet Technology Solutions Pvt. Ltd — Senior UI/UX Designer | Nov 2025 - Present

- Orchestrated the overhaul of KYC and transaction modules, achieving a 25% drop in user friction through validated research and iterative usability testing.
- Spearheaded the design of sophisticated administrative dashboards and end-to-end payment funnels (UPI, AEPS, IMPS), optimizing task efficiency via robust information architecture.
- Developed a comprehensive 80+ component design system in Figma using atomic principles and tokens, resolving UI fragmentation and streamlining engineering handoff.
- Aligned fintech compliance requirements with inclusive design, delivering WCAG-standard interaction frameworks and high-fidelity specs for cross-functional teams.
- Executed moderated research sessions for core funnels, producing high-fidelity prototypes that significantly lowered development rework and cycle times.

SWITS Digital Pvt. Ltd — Lead UI/UX Designer | Sep 2024 - Sep 2025

- Directed the end-to-end UX strategy for a suite of enterprise SaaS products (ATS, HRMS, CRM), managing the full discovery-to-delivery product lifecycle.
- Utilized heuristic evaluations and testing to refine architectural frameworks, resulting in a 30% increase in design efficiency and reduced engineering overhead.
- Designed a centralized component library and token system within Figma, ensuring visual and functional coherence across multiple enterprise platforms.
- Partnered with PMs and engineers across 15+ agile sprints to harmonize creative vision with business goals and technical constraints.

- Empowered junior design talent through structured mentorship and critiques, fostering growth toward independent feature leadership and delivery.

SmarteHop Mobility Pvt. Ltd — UI/UX and Graphic Designer | Mar 2023 - Aug 2024

- Guided the full design of the mobile application, enhancing user journeys and onboarding flows to drive a 40% growth in active engagement.
- Conceptualized a gamified ecosystem focused on loyalty and rewards, utilizing persona-driven research to maximize value perception and retention.
- Leveraged A/B testing for CTA optimization and navigation restructuring, delivering high-conversion responsive web experiences across diverse screen sizes.

FREELANCE PROJECTS

Risk & Audit Compliance Platform

- Designed enterprise risk management workflows covering end-to-end identification, assessment, and mitigation tracking for a compliance-focused SaaS product.
- Built advanced analytics modules with OWASP risk matrices and real-time compliance dashboards, improving stakeholder reporting clarity and audit readiness.

Noble Academy – EdTech Platform

- Led complete UX lifecycle from discovery research through validated high-fidelity prototypes, applying design thinking and journey mapping to improve learner retention.
- Synthesized user interviews and affinity mapping findings into intuitive interaction frameworks, user flows, and component-level wireframes.

Inspire Office Spaces & Venkat Selvan Build Tech – Web Design

- Designed responsive, conversion-optimized websites for a commercial real estate firm and a construction business, improving lead generation through clear navigation hierarchies and user journeys.

KEY ACHIEVEMENTS

- 25% user friction reduction via KYC onboarding redesign at Rupenet validated through structured usability testing.
- 40% engagement uplift at SmarteHop through simplified onboarding and navigation restructuring on mobile app launch.
- 3 production-grade Figma design systems shipped (80+ components each) across fintech, SaaS, and enterprise products.
- Sole Lead Designer across 3 simultaneous SaaS products (ATS, HRMS, CRM) at SWITS Digital.

EDUCATION & CERTIFICATIONS

Bachelor of Technology · SRM Institute of Science and Technology, Chennai

- Google UX Design Professional Certificate — Coursera (end-to-end user-centered design processes)
- UI/UX Master Course — Ovi Design Academy (advanced product design methodologies)
- UX Kickstarter — Growth School (high-impact interaction design and design systems)
