PROFESSIONAL SUMMARY

Product and UI/UX Designer with just over three years of experience, all of it in fast-moving product teams building Fintech and enterprise SaaS tools, KYC and payment flows, admin dashboards, and recruitment/HRMS platforms. I usually own a feature end-to-end: talking to users or stakeholders, sketching and testing flows, building the screens in Figma, and sitting with engineers through handoff to make sure what ships actually matches the design. I'm most interested in taking something confusing or clunky and making it feel obvious.

PROFESSIONAL EXPERIENCE

Product Designer , Rupenet Technology Solutions Pvt. Ltd

Nov 2025 – Present

- Redesigned customer and merchant onboarding flows, including KYC verification, by collaborating with compliance teams to simplify verification steps, contributing to a 25% reduction in onboarding drop-offs.
- Designed end-to-end payment workflows for UPI, AEPS, and IMPS, along with internal operational dashboards to improve transaction monitoring and management.
- Built and maintained a scalable Figma design system with reusable components, variables, and design patterns, improving design consistency and accelerating developer handoffs.
- Solved complex UX challenges by simplifying KYC and payment journeys through user-centered design, logical problem-solving, and cross-functional collaboration.

UI/UX Designer , SWITS Digital Pvt. Ltd

Sep 2024 – Sep 2025

- Designed the core recruiter-facing flows for an ATS product with job creation, candidate pipeline, interview scheduling, and offer approval working from early wireframes through to final specs.
- Designed HRMS modules including employee onboarding, attendance, leave requests, a payroll dashboard, and performance review forms.
- Drove 15% increase in user engagement by redesigning core workflows based on heuristic evaluation and usability research insights.
- Contributed CRM screens for lead management and pipeline tracking, and a reporting dashboard for the sales team.
- Collaborated with Product Managers, Developers, and stakeholders using Jira and Notion to deliver user-centered product experiences.

UI/UX and Graphic Designer , SmarteHop Mobility Pvt. Ltd

Aug 2023 – Sep 2024

- Designed the onboarding flow and core user journeys for the company's mobile app; engagement numbers the team shared with me showed around a 40% increase after the redesign shipped.
- Ran lightweight usability sessions (mostly informal, with friends-of-the-team and a few real users) to catch navigation issues before they went live.

- Built responsive web pages and marketing graphics to support product launches my first job, so a broader mix of design work than the fintech/SaaS-focused roles after it.

INDEPENDENT PROJECTS

Smaller projects done outside of full-time work — good practice, but on a much smaller scale than the roles above.

Risk & Audit Compliance Platform

- Designed the core screens for logging risk items, scoring them, and tracking mitigation steps, plus a dashboard summarizing open items for an audit review

Noble Academy — EdTech Platform

- Interviewed a handful of learners about where they were dropping off mid-course, mapped their journey, and redesigned the course-progress screens based on what came up.

Inspire Office Spaces – Real Estate Website

- Designed a responsive website improving navigation clarity and lead generation for a commercial real estate business.

SKILLS

ux Design	User research & interviews, user flows, wireframing, prototyping, interaction design, information architecture, usability testing
Design System	Components, Variables, Auto Layout, Reusable Component Libraries, Developer Handoff
Working style	Agile/Scrum, Sprint Planning, Cross-Functional Collaboration With PMs And Engineers
Tools	Figma, FigJam, Adobe Photoshop, Illustrator, Adobe Creative Suite, Jira, Notion.

EDUCATION & CERTIFICATIONS

Bachelor of Technology

SRM Institute of Science and Technology, Chennai

- UI/UX Master Course - Ovi Design Academy
 - Google UX Design Professional Certificate - Coursera
 - UX Kickstarter - Growth School
-
